## CONTENTS

International Business Trainers Certification

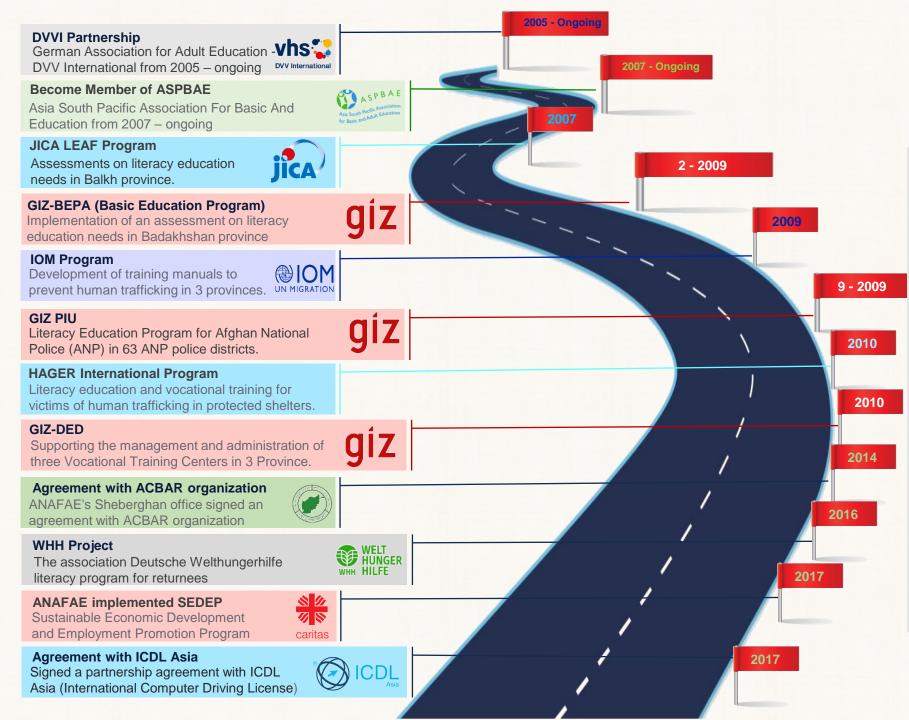

The Afghan National Association for Adult Education (ANAFAE), established in September 2005, promotes the development of Adult Education and lifelong learning in line with the Sustainable Development Goal 4 on Education and other SDGs.

ANAFAE works to promote the establishment of Adult and Community Learning Centers and supports the development of qualified, relevant Adult Learning and Education (ALE) programs and practical strategies that provide access to learning throughout life.

Since 2005, ANAFAE has established a network of 25 Adult Education and Community Learning Centers in 12 provinces. Several ALE Centers have already been handed over into local hands partners.

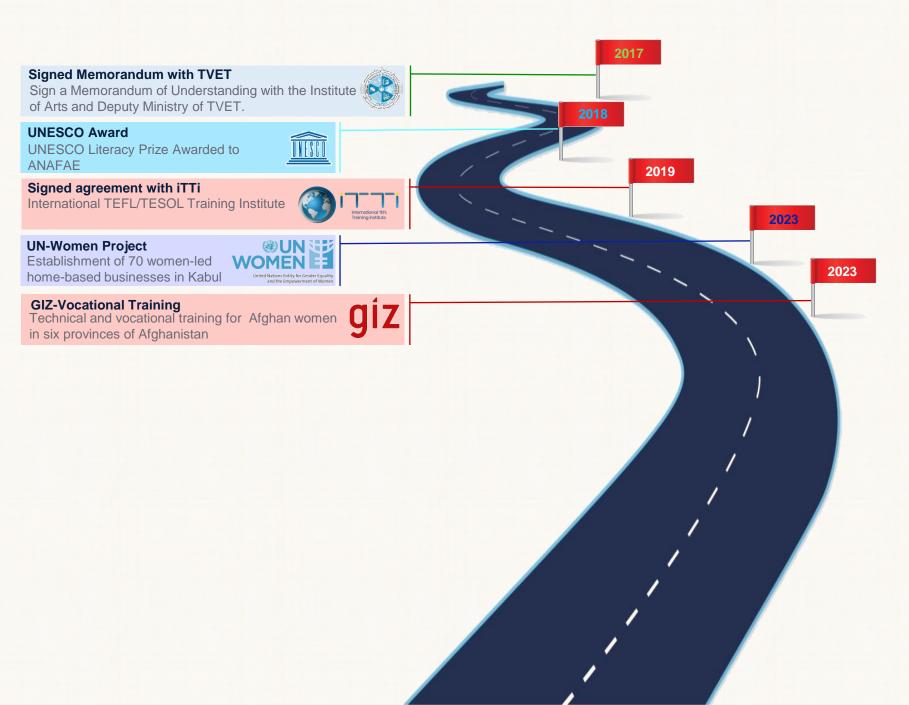

ANAFAE sees education as an ongoing process, as an active source of development and innovation that accompanies the each individual from childhood through all stages of their lives. ANAFAE promotes the recognition of the value of skills and competencies acquired in different situations and at different stages of life, whether they are acquired in formal, non-formal, or informal settings, in short-term or long-term education programs.

The Afghan National Association for Adult Education (ANAFAE) was established in September 2005 as an umbrella organization to promote the development of local adult education centers.

ANAFAE sees itself as a national forum for the promotion of adult education with a strategies and programs particular focus literacy, basic on and vocational education. technical ANAFAE education and training. promoted a pro-active dialogue with decision-makers and policy planners, from different education sectors, with representatives of different ministries, from working live and the business community, with tertiary-level teachers, instructors and grassroots practitioners to develop relevant adult education strategies.

ANAFAE maintained close ties of cooperation with the National Literacy Department, the Ministry of Education and their local structures and with local communities in many northern provinces, in Herat and Kabul to contribute to the implementation of the national education strategies and the national literacy action plan. Since the end of 2007, ANAFAE has been a member of the network of the Asia South Pacific Association for Basic and Adult Education (ASPBAE). ANAFAE is a member of the Council International of Adult Education (ICAE)

WE BELIEVE IN THE FUNDAMENTAL ROLE OF EDUCATION FOR THE DEVELOPMENT OF AFGHANISTAN

AFGHAN NATION

NAFAE

#### OUR MISSION & VISION

Empower young adults and adults actively contribute to a sustainable and inclusive society, and a peaceful living together, through lifelong learning.

Working to be unique and highly focused on affordable quality education that matters and is truly relevant to young adult needs in the light of today's challenges and for an Afghanistan of tomorrow.

### OUR APPROACH

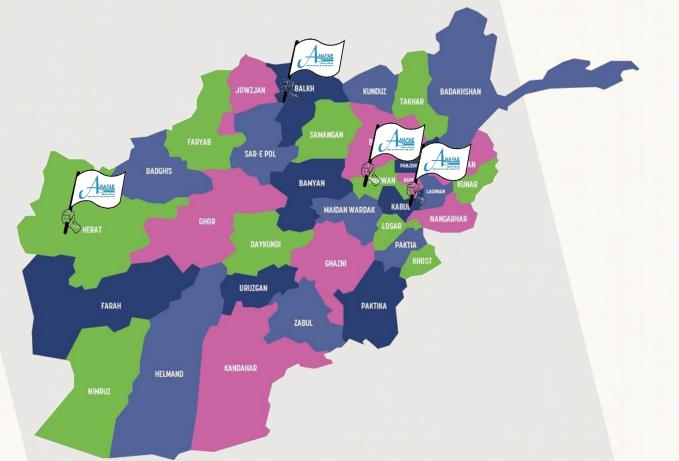

#### Teamwork makes the dream work.

We involve professionals with complementary backgrounds and skills and encourage them to develop ideas and perspectives jointly. This is the foundation for a good relationship with our partners and for the satisfaction of our beneficiaries.

Our commitment to quality education and excellent performance has made us trusted among the communities and the younger generations

Till today ANAFAE established a network of 25 Adult Education and Community Learning Centers in 12 Provinces, some of which have been handed over to local partners. The present ANAFAE network of education centers in Herat, Mazar, Kabul, and Parwan now offers a wide range of education opportunities, providing better chances for young people to successfully graduate from secondary or higher education. In our education centers, young people in transition from school to working life gain new skills and competencies for the Afghanistan of tomorrow

## GOAL & OBJECTIVES

#### Goal:

An effective and efficient adult education system contributes to stability, fighting poverty, and sustainable development.

#### **Objectives:**

- Micro Level: Adult education offers are improved, expanded, and multiplied according to the needs of the target groups.
- At Meso Level: The institutional capacities of the partners and networks are strengthened.
- At the Macro Level: Adult education is taken into greater consideration in local and national policies, budgets, and strategies for fighting poverty.
